Village of Sayward

November 27, 2026

THANK YOU FOR CONSERVING WATER

The Village of Sayward extends its thanks to residents and businesses for conserving water during the recent period of high turbidity levels at the Water Treatment Plant caused by heavy rainfall. The Water Reservoir is now back to normal operating levels.

Your cooperation in reducing non-essential water use helped lessen demand on the water system while treatment plant operators worked to maintain water quality and ensure a reliable supply for the community. By limiting water consumption, residents played an important role in supporting the continued operation of the water system during challenging conditions.

Thank you again for helping safeguard our water system and ensuring reliable water service for all residents.

Andrew Young, MCIP, RPP
Chief Administrative Officer
Village of Sayward

Sayward Village Office, 652 H'Kusam Way, PO Box 29, Sayward, BC, V0P 1R0
