

Application No. 105002
ENVIRONMENTAL PROTECTION NOTICE

Application for a Landfill Permit under the Provisions of the *Environmental Management Act*

We, Western Forest Products Inc., PO Box 6000, Campbell River, BC, V9W 5E1, intend to submit this application to the Director to authorize the discharge of refuse, from a dry land sort. The source of discharge is bark and log waste material from the Kelsey Bay log sorting operation.

The land upon which the facility will be situated is District Lot 1428, Sayward Land District, located at the Kelsey Bay dry land sort, adjacent to the village of Sayward. The land upon which the discharge will occur is TFL 39, Sayward Land district, located on the existing gravel quarry at 1.1 km Powder Mag Road.

The maximum rate of refuse discharged from this facility will be 5000 m³ annually. The operating period for this facility will be 10 hours/day, five days/week. The characteristics of the waste discharged are as follows: 60 % wood waste, 35% bark and 5% mineral soil. The types of treatment to be applied to the discharge are: intermediate cover and revegetation.

Any person who may be adversely affected by the proposed discharge of waste and wishes to provide relevant information may, within 30 days after the last date of posting, publishing, service or display, send written comments to the applicant, with a copy to the Regional Manager, Environmental Protection at Vancouver Island Region, 2080a Labieux Road, Nanaimo, B.C. , V9T 6J9. The identity of any respondents and the contents of anything submitted in relation to this application will become part of the public record.

Dated this 11th day of August, 2010.
