Community Award of Merit from the Canadian Wood Council

At the Association of Vancouver Island Coastal Communities convention on April 12-14, the Village of Sayward was presented with a Community Award of Merit from the Canadian Wood Council for its support of the BC wood industry and its commitment to use wood in the Village Campground Gazebo project.

The Village is excited to be the recipient of this award and would like to thank everyone who was a part of this project (individual thanks will be going out shortly). The gazebo is a wonderful new addition to our Village Parks system, and will be an important part of our community for many years to come.

Emergency Phone Notification Systems

Our **phone notification service** requires your assistance. We need new residents to provide us with your phone number and street address so we can add you to our phone notification system. If you move within the community, please let us know so we can send our notices to the correct people.

This system is used by the Village's Public Works staff to let Village residents know of problems with the water, sewer or other systems. **It can be used to notify the entire community of any emergency situations. It is important that we keep our resident list current.**

The system only allows for 10 digit phone numbers, no long distance can be used.

If you have not been receiving calls that you know have been sent out, please let us know.

To provide us with your information call the Village Office at **(250) 282-5512**.

SRD notifications are delivered by both text message and/or voice call to those who have signed up to receive notifications. These notifications are intended to inform residents and visitors alike about incidents that could impact them. Working together, we can take proactive steps to build a safer and more resilient community.

Lead a Great Canadian Shoreline Cleanup

Take a stand against litter by leading a cleanup with the Great Canadian Shoreline Cleanup, the largest volunteer-powered, conservation cleanup program in Canada. A conservation partnership by Ocean Wise and WWF-Canada, the Shoreline Cleanup aims to promote understanding of shoreline litter issues by engaging Canadians to rehabilitate shoreline areas through cleanups. The Shoreline Cleanup also engages Canadians as citizen scientists to collect data on the type and amount of litter found so we can further research on finding solutions towards waste prevention. Together, we are building a community of shoreline cleanup leaders across Canada who are committed to taking real action.

Visit Shoreline Cleanup.ca

<http://www.shorelinecleanup.ca/>

to join our national network and lead a cleanup near you.

The Sayward Volunteer Fire Department is now accepting APPLICATIONS FOR RECRUITMENT.

Join our team of dedicated members.

What we seek:

Community minded and spirited individuals who like to be involved in team efforts and are looking for a challenging, rewarding and life changing experience.

You must be:

- Living in the Sayward District Fire protection area.
- Team oriented
- 19 years of age or older
- Healthy, Physically fit
- A good driver with a valid drivers licence and good driving record.
- Of good character (RCMP security check required)

We offer:

- Involvement in community activities ranging from fire fighting, rescues, first responder medical service, to public education events.
- Paid training that is progressive at our inhouse and in the field at various training agencies.
- We are flexible to meet your time commitments, we work around our members lives to make it easy as possible for you to be part of our team.
- Insurance plans both on and off duty.
- New friends and acquaintances.
- And lots of fun

For more information or to apply please contact the Sayward Volunteer Fire Department @ 250-282-5505

Or svfd@saywardvalley.net or come to our weekly meetings every

Sayward Futures Society Membership Drive

Sayward Futures Society (SFS) is seeking new and renewing members to participate in the activities that contribute to make the Sayward Valley area a positive, vibrant, welcoming place where everyone can enjoy the best life at work and play. We particularly and desperately need younger folk to step forward, bring fresh new ideas, learn from the oldies (while they are still amongst us), and be a part of maintaining Sayward as a unique and very special place to live.

The mandate of SFS is to actively assist members to establish and/or expand economic development to improve the socio-economic status and well-being of the local population. SFS and the Sayward Tourism Committee are collaborating with the village and valley to facilitate a cohesive, co-ordinated, open approach to Economic Development.

Join us at the monthly meetings, held the 2nd Monday of each month, 6:30 PM at the Wharf to share your opinions and most of all, have input into how SFS can contribute to improving the quality of life in Sayward.

Sayward Futures Society owns and maintains the Wharf at Kelsey Bay and is responsible for 5-year inspections, (last one in 2018 cost \$17,000), and the recommended repairs (the repairs 2018-2023 estimated to be over \$200,000), as well as yearly insurance of \$6,000. If you love to come down to the wharf to fish, watch, bring visitors, or simply rest and enjoy the company and view, consider becoming a SFS member and help to keep our wharf open and available to all.

Yearly Membership (January 1-December 31) is \$15.00 for an individual; \$25.00 for a business. Benefits include %10 discounts on retail items in Ocean View Gifts, and racking privileges for business members.

Apply on the SFS website, at a regular monthly meeting, or in person at the Wharf (during Ocean View Gifts opening hours) or by phone at 250 282-0018

We welcome all new or renewal members. Our next monthly meeting is May 13, 2019 at 6:30 PM at the Wharf (16 Sayward Road) in the Ocean View Gift Shop. Please join us!

Clinic Corner News

The Mammogram Van is coming May 28. Mammograms are recommended every 2 years and are booked through the BC Cancer Agency. The mammogram will not turn you away though if you show up without an appointment. To help facilitate Woman's Health Screening, the clinic will be doing a PAP clinic on May 28 from 1-5 pm. PAP tests are performed on women age 25-69 years, once every 3 years, unless otherwise notified. To book a PAP, please call the clinic.

VOTING MEMBERS OF THE GROUP.

SAYWARD TOUR DE ROCK 2019

We are still collecting bottles and cans for recycling.

You can drop off recycling at
670 Kelsey Way (at back door) at any time.

If you need to have your recycling picked up
please give us a call at 282-3210.

All our volunteers handling the recycling really
appreciate it if you rinse your bottles & cans
and remove the caps.

Garden Club News

In the merry month of May gardeners really hit their stride. The 24th of May weekend is the traditional garden start time for folks here on the coast. The chance of a killing frost is past and it is warm enough for beans and corn and still cool enough for peas and beets. Turning the compost every two weeks soon provides finished compost ready to use in potting mixes and as a boost for any plantings.

The Garden Club will again have our plant sale as part of the community garage sale day on June 10. Our booth will be at the Heritage Hall. Those who wish to contribute plants to the sale can bring them to our regular meeting on May 8th or bring them to the booth on the day of the sale. Please make clear identification tags on the plants so that we know what we are offering. Members are also reminded that this is a good time to make plant divisions for both the opportunity table and the pastel sale. This is also a good time to bring in used plastic containers, both the small multi-celled types and pots of all sizes.

The May meeting of the club will feature a demonstration by Frank Clark on making decorative trellises. Frank has been making these trellises for years and knows how to make a very attractive trellis. Please join us at our gathering where we share our gardening experiences. We meet on the second Thursday of the month at the Heritage Hall. See you there.

Sayward Futures Society
Our Community Our Future

Sayward Futures Society and Sayward School Community Beautification Project

Sayward Elementary School Grade 4/5 Art Class has taken on a project to beautify various sites around the Sayward Valley this summer. Each student is sketching a design to transfer and paint onto a street banner. Once completed, the banners will be publicly displayed on lamp posts and buildings around the Sayward area.

Sayward Futures Society initiated the project and supplied 12 banners. Karen Sampson and Karen Tinsley are sharing their artistic talents by offering instruction and ideas to the eager students during art class.

Anyone who wishes to assist in the art room at the school while the banners are being painted is most welcome. *Prior to attending, a Criminal Record Check Form (available at the school office) must be completed (free) at the RCMP Detachment and returned to the school.*

We are seeking donations of EXTERIOR, WATER-BASED PAINT: black, white, light red, dark red, light yellow, dark yellow, light blue, dark blue, light green, dark green, light purple, dark purple, light orange, dark orange, light pink, dark pink, or any other wild and wonderful tint or shade you might have.

A cash donation to support this project would be gratefully accepted also. Any left-over cash will be re-donated to the school PAC for the Playground Project.

To donate paint, time, or cash, please call Sayward Futures at 250 282-0018 or Sue Poulsen, Project co-ordinator, at 250 282-0184.

SAYWARD CHILDREN'S HEALTH HUB

FAMILY CONNECTIONS

Happy fall! I would like to introduce myself; I am Ann Vansnick, the new Sayward Family Navigator. Some of you will know me from my position as the Literacy Outreach Coordinator for Sayward. I will be running both initiatives out of the classroom at the school.

Sayward Children's Health Hub is to connect families to services; to share relevant health information; and to deliver timely support locally. We can provide health resources, support groups, developmental screening for children under six, parenting, and more.

Sayward Children's Health Hub is an initiative spearheaded by the Sayward Early Years Table. We are funded by the Children's Health Foundation of Vancouver Island and School District 72.

Hours of Hub: Monday to Thursday 10 am to 1 pm
Sayward School, 690 Kelsey Way, Sayward

Sayward Valley Folk Music Society News

(promoting music and the arts in Sayward)

First, a big thank you to all who help make our concerts, at the Heritage Hall, such a success. Volunteers, performers and enthusiastic audiences create an atmosphere which reflects the spirit of our community.

Those who attended the April 14 concert with Bluegrass Fever were treated to a very special evening of great music and an abundance of humour. We saw a lot of familiar faces and quite a number of new ones. Special thanks to Barb and Frank Clark and to Mt. Kusam Lodge for hosting the band members.

There are those who indicate that Sayward has little to offer.

But this is quite far from being true. These Sunday night concerts provide a great opportunity to enjoy good music at reasonable prices and to share the company of friends and family.

On **Sunday May 12**, we are presenting a special Mothers Day concert with guitarist extraordinaire **Don Alder**. Don plays acoustic finger style guitar with a passion that has led to winning such competitions and awards as the International finger style guitar championship (2007), Guitar Superstar contest (2010), Worldwide Guitar idol (2011), the Brand Laureate Award (2013), Dominic Triano Guitar Award (2015), nominee for Canadian Folk and Western Canada Music Award (2016), and Artist of the Year at the Van Isle Music Awards (2017).

Don Alder was born in Vancouver and spent his early years in Montreal, before moving to Williams Lake, BC. He started playing guitar at the age of 11. In 1985, he accompanied his friend Rick Hansen on his Man In Motion world tour. Since then, Don has been performing at venues around the world and recording 7 albums.

Written up in *Guitar Player* and numerous other publications, he has been referred to as the Hendrix of the acoustic guitar. Lee Ritenour has said that Alder is one of the finest acoustic guitar players he has ever heard.

Following his European tour, Don Alder comes to Sayward for one night only, in concert, **at the Heritage Hall @ 7:00**

Admission is \$10 per person, members \$5, children 12 and under free.

We make it beautiful...You make it home...

the Village of
Sayward

Media Release

Monday, April 8, 2019, Sayward, BC – The new Sayward library has taken an important step towards construction. On April 5, 2 Hills Renovations, a Campbell River-based construction firm, was awarded the contract to build the new library for the Village.

“This is an exciting day for Sayward,” says Rosemary Bonanno, Vancouver Island Regional Library’s (VIRL) Executive Director. “With the contract now awarded and construction soon to start, the entire Sayward Valley can look forward to a state-of-the-art library for many years to come. I would like to thank Sayward Council for giving up their Council Chambers to allow for a temporary library for the better part of the past two years.”

A construction start date and timeline will be made available once VIRL receives it from 2 Hills.

“Council has been committed to this project from day one,” says John MacDonald, Mayor of the Village of Sayward. “For Capital Projects of this size and scope, there are many moving parts and milestones before construction can start. Thank you to everyone for your understanding throughout the process — your patience is being rewarded with your new full-service library!”

The plan for the new library encompasses all aspects of the project, including construction, furniture, IT infrastructure, and more.

Once built, Sayward will have a state-of-the-art library with the following features and amenities:

- 2,100 square feet of floor space
- Expanded hours of operation
- A larger opening day collection with many new materials
- An expanded program schedule
- A laptop bar
- Study space
- A bookable space

Renderings of the new library are included with this release (and attached).

More information will be provided as it becomes available.

A Prototype for Other Rural Builds

The cost-effectiveness and scalability of the Sayward branch design means that VIRL now has a prototype model that can be replicated in other rural communities in need of new libraries. The 2,100 square foot model being built in Sayward can be scaled up or down depending on a community’s size and service needs. This prototype approach will help VIRL deliver on the commitments to our rural communities set out in the [Consolidated Facilities Master Plan](#).

Land Act:

Notice of Intention to Apply for a Disposition of Crown Land

Take notice that TimberWest Forest Corp from Nanaimo, BC has applied to the Ministry of Forests, Lands, Natural Resource Operations and Rural Development (FLNRORD), Campbell River Natural Resource District, for an amendment to a Licence of Occupation – Industrial (Log Handling) situated on provincial Crown land located at Jackson Bay, approximately 70 kilometers Northwest of Campbell River BC

The Land File Number that has been established for this application is 0301614.

Written comments concerning this application should be directed to: Land Officer, Campbell River Natural Resource District, Ministry of Forests, Lands, Natural Resource Operations and Rural Development, 370 South Dogwood Street, Campbell River, BC, V9W-6Y7, or emailed to CampbellRiverDistrictOffice@gov.bc.ca

Be advised that any response to this advertisement will be considered part of the public record. Be advised that any response to this advertisement will be considered part of the public record.

Comments will be received by FLNRORD up to 30 days after the first advertising date. FLNRORD may not be able to consider comments received after this date.

Please visit our website:

MAYORS UPDATE – 21 April

As Mayor, I have a duty to Council, staff and the Village of Sayward (VOS). My duty to the VOS is always to do my best to represent the VOS, and work for the good of VOS through my dealings with the federal and provincial governments, other organizations, committees and staff.

I am not to be considered as the ultimate authority at Council meetings. My role is to lead (not dictate) and to be part of the decision-making process, where I will draw upon my experience and knowledge. It is often said that the mayor is the decision maker however that is not the case. I am one of five votes, and it is a majority vote that makes all council decisions.

On occasion I am advised about rant and rave posts on Facebook, that are frequently not researched by the individual making the comment. A classic example is the Tax Rate By-law, and the increase in taxes to Village homeowners. The VOS municipal tax increases this year (2019) are approximately \$80.00 for the average home. This includes water, sewer and solid waste. All other increases are those which are **not controlled by the Village of Sayward**, which means we collect the taxes for those agencies and must pay them according to the requisition sent to the VOS.

There is still much talk about the Kelsey Centre operations. First of all, let me say for my part I have not heard of any community with a Recreation Centre that makes money or actually breaks even. In consultation with the CAO and staff, Council has decided to close the Kelsey Centre for an extra month this year to save costs. We are looking at ways to increase the revenue stream for the Kelsey Centre and have come up with some increased rental and usage costs as per our new Fees and Charges By-law Number 451, 2019. The Kelsey Centre is an important pillar of the community for use by everyone. We (Council) are open to any constructive written comments (positive or negative) about KC programs, ways to increase the revenue stream, and hours of operation.

Recently Council held a Committee of the Whole meeting for discussion about economic development for the Sayward community. At the end of our meeting we invited Sayward Futures Society and the Tourism Committee to participate, where our ideas were shared. It is the intention of Council to involve both Sayward Futures Society and the Tourism Committee as we move forward with economic development & tourism initiatives for the community. These two groups will be taking the lead on some of the initiatives and will then present their plans to Council for council support.

Village Projects:

Water Treatment Plant - in the process of being commissioned, including staff training

Dam Decommissioning - a change in scope is being presented to Council on 07 May

Public Works/Parks - flower beds etc. being readied for the season

Sayward Library - construction expected to begin by summer

John MacDonald, Mayor

Mayor@saywardvalley.ca

Kyuquot-Nootka / Sayward News

Strathcona Regional District (Area 'A')

April 20, 2019

Kelsey Centre Survey Results:

In the previous newsletter I asked for your advice as to whether you are supportive or opposed to me entering into talks with the Village about the Strathcona Regional District taking over ownership of the Village Recreation Centre in order to share the cost of running this facility. I'd like to begin by personally thanking everyone who contacted me in response. This is how a democracy is supposed to work! The result of your responses is that 93% of the respondents are opposed. Therefore, I will entertain no further discussion with the Village about pursuing this issue and I now hope that we can consider this entire matter to be closed.

Valley Financial Support:

I have come to realize that some Valley residents are unaware of what activities we actually do contribute money towards. First of all let me clarify that we do not have a Recreation Service and do not contribute anything whatsoever to the Strathcona Gardens complex or any other Campbell River facility. The Village of Sayward exclusively operates the Fire Suppression services and the Valley contracts firefighting coverage from the Village, paying 60% of the cost. We pay 65% of the costs to produce and distribute the Sayward News. We also annually have paid approx. 83% of the total costs of the three weekend clean-ups at the Highway Yard. We own both the Valley Fire Hall and the Heritage Hall and pay 100% of all of their net costs. We also contribute money to the RCMP Bicycle Rodeo and the Village Health Clinic. In addition we pay our share of all those other government services outlined on your Property Tax notice, such as: Local Gov't Administration, Electoral Area Planning, Hospital, Solid Waste, 911 Service, etc.

Transparency:

The provincial government has recently enacted legislation that requires that all emails to or from an elected representative of local government that speak to any Regional District business must be available for any potential Freedom of Information requests. To comply with this requirement the Strathcona Regional District (SRD) has issued each Electoral Area Director with a new local government email address. Mine is noted at the bottom of this newsletter. Please be aware that from now on any email or written correspondence will pass through the Regional District Server and be permanently stored there. If you wish that your comments not be recorded, then a phone call or a personal visit are the best options.

If you have any questions on any Regional District issue, please don't hesitate to contact me.

Gerald Whalley

Regional Director (Area 'A')

(250) 282-3787
