Emergency Phone Notification Systems

Our phone notification service requires your assistance. We need new residents to provide us with your phone number and street address so we can add you to our phone notification system. If you move within the community, please let us know so we can send our notices to the correct people.

This system is used by the Village's Public Works staff to let Village residents know of problems with the water, sewer or other systems. **It can be used to notify the entire community of any emergency situations. It is important that we keep our resident list current.**

The system only allows for 10 digit phone numbers, no long distance can be used.

If you have not been receiving calls that you know have been sent out, please let us know.

To provide us with your information call the Village Office at (250) 282-5512.

SRD notifications are delivered by both text message and/or voice call to those who have signed up to receive notifications. These notifications are intended to inform residents and visitors alike about incidents that could impact them. Working together, we can take proactive steps to build a safer and more resilient community.

Garden Club News

Happy Autumn! The Garden Club's September meeting began with an informal round robin checking in on what is happening in each other's gardens. The monthly round robin gives us a chance to ask garden-related questions, discuss solutions to problems, and celebrate the successes of the season. Long-time gardeners welcome the opportunity to share their experience and encourage new gardeners, but we all come away having learned something new from each meeting. Our September discussion ranged from curing and storing potatoes,

dealing with slugs and powdery mildew, and best timing for weed control. The round robin was followed by a "show and tell" featuring our favourite, sometimes surprising, tools, including an innovative hoe loop, a manual backhoe, a forest fire shovel, and a Japanese division knife.

If you missed this informative meeting, you won't want to miss the October 10th gathering featuring guest speaker Master Organic Gardener Connie Kuramoto of *Gardens to Go*. Check out Connie's blog <http://lazygardenliving.com> where she introduces her lifelong love affair with plants, "I fell in love with plants one morning . . . and just never fell out of love." Connie's talk in October "Boil and Bubble—Garden Teas and Brews" is sure to inform on ways to boost beneficial microbes in our gardens.

With the turn of summer to fall and the days shortening, Sayward gardeners have begun their fall cleanup. This can be a big chore at a time when we are busy collecting seeds and preserving the fruits of our summer labour. We can lessen autumn chores, though, while nurturing biodiversity in our gardens. It is important to remove vegetation from tomatoes, peppers, peonies, iris, and roses and to rake up rotting fruit to avoid future fungal and disease problems, but it is not necessary at this time of year to cut all annuals and perennials to the ground. Do deadhead the herbs and flowers you don't want to seed all over the garden next year and pluck out pernicious weeds, as they are easier to identify now and easier to pull out after a fall rain or two. But let seeds from asters, borage, coneflowers, coreopsis, cosmos, sunflowers, and the like ripen in place to feed small birds during the food-sparse months of the year. Chickadees, wrens, and towhees will also consume a multitude of protein-rich insects from dried plant stems throughout the winter and early spring and will thank you for your garden's planned untidiness.

The Garden Club welcomes all, so please join us! There is no annual membership fee and the drop-in fee is just one looney per meeting. Meetings are held at 7:00 p.m. on the second Thursday of the month.

Sayward Futures Society (SFS) owns the big wharf at Kelsey Bay. This aging wharf requires long term repairs to ensure continued use for local businesses, our gift shop and sports fishers. We need the help of any who have experience with wharfs, construction and maintenance. We will be developing a long term plan for the wharf based on our engineers report.

I would like to thank so many in our community for the way they stepped forward to help when my wife Elaine Longland passed away. To Bill West Sells and each one who helped with the burial. To those involved in making the Heritage Hall available, and cleaning up afterward. To Barb Bowbrick and those who helped with food. To Mark Johnson and those taking part in Elaine's service. And to all who phoned, wrote, and came out to express their love for Elaine.

Jim Longland

Thank You!

Heritage Hall News

When looking at the Heritage Hall, you will have no doubt noticed a few significant changes.

For one, the new roof that now covers the building. With funding from the SRD we were able to replace the old leaky roof and install brand new seamless gutters and snow guards. We have also changed all the lighting inside, which was badly outdated, to new LED fixtures.

Presently we are working toward replacing the floor in the main hall and developing a plan for a new expanded kitchen to better serve the community. As the building ages, it is necessary to make changes to ensure the integrity of the building for the future. The old 8' light fixtures have been removed and set aside. If anyone is interested in having them for personal use, they are available free of charge or for a small donation. Please contact Bob @ 250 282-0134 to arrange for pick up at the hall. We will only be holding on to them until mid October. They will then be taken away.

Please note that the Outdoor Saturday Market has ceased activity for the season. The Indoor Market begins on October 5 and is held once a month on the first Saturday from 10-1.

On October 5 and November 2, in conjunction with the Indoor Market, we will be having a clothing exchange and sale. See our ad in this newsletter for more information.

We wish to thank all the vendors and supporters of the Saturday Market for making it a success.

Please check out our Heritage Hall calendar and note several amended time changes.

Take note of the Winter Fair notice at the bottom of the page.

And last but not least, a big thank you to all who attend our Sunday night concert series brought to you by the Sayward Valley Folk Music Society. See our page in the news letter for upcoming events.

Sayward Valley Folk Music Society News

Promoting music and the arts in Sayward

Folk Music that is not boring ! He has grit and she has the pipes.

Zonnis returns to the Heritage Hall **Sunday October 13 @7:00.**

For those who missed their concert last year, this will be a special treat; a musical variety show mashing up folk, country, blues, soul, and more

Zonnis are a modern troubadour family, sharing their songs and stories across the continents from Canada, the USA and Central and South America.

Andrea's soulful, striking voice, mixed with Adam's wit and guitar, combine to create music that is heartfelt, humorous, and poignant to the times.

Upbeat and fun, with a small twist of debauchery, their theatrical music will take you on a journey from the depths of your soul to the tip of your tongue and will delight audiences of all ages.

This is the sixth year in a row that Zonnis has been on the road (their second time in Sayward) and they do not show any signs of slowing down.

On **Sunday October 27 @7:00**, the **Comox Valley All Stars** will be featured in Concert. Jake Masri leads this group of well respected musicians in a tribute to Herb Alpert and the Tijuana Brass. Those of us who grew up in the 60's and 70's are familiar with the unmistakable sounds of the TJB. This concert will be both a fresh and nostalgic look back to our youth. A more innocent time, perhaps, that is worth re-visiting.

We are delighted to have the All Stars perform in Sayward and hope every one will come out to enjoy the show.

Admission to each concert is \$10 at the door. Members \$5

Children 12 and under are free.

The Sayward Valley Folk Music Society continues to promote live acoustic music in a family friendly atmosphere, Sunday evenings at the Heritage Hall.
