IMPORTANT NOTICE

Our phone notification service requires your assistance. We need new residents to provide us with your phone number and street address so we can add you to our phone notification system. If you move within the community, please let us know so we can send our notices to the correct people.

This system is used by the Village's Public Works staff to let Village residents know of problems with the water, sewer or other systems. It can be used to notify the entire community of any emergency situations. It is important that we keep our resident list current.

The system only allows for 10 digit phone numbers, no long distance can be used.

If you have not been receiving calls that you know have been sent out, please let us know.

To provide us with your information call the Village Office at (250) 282-5512 or e-mail village@saywardvalley.ca

Mike Marsh for Councillor

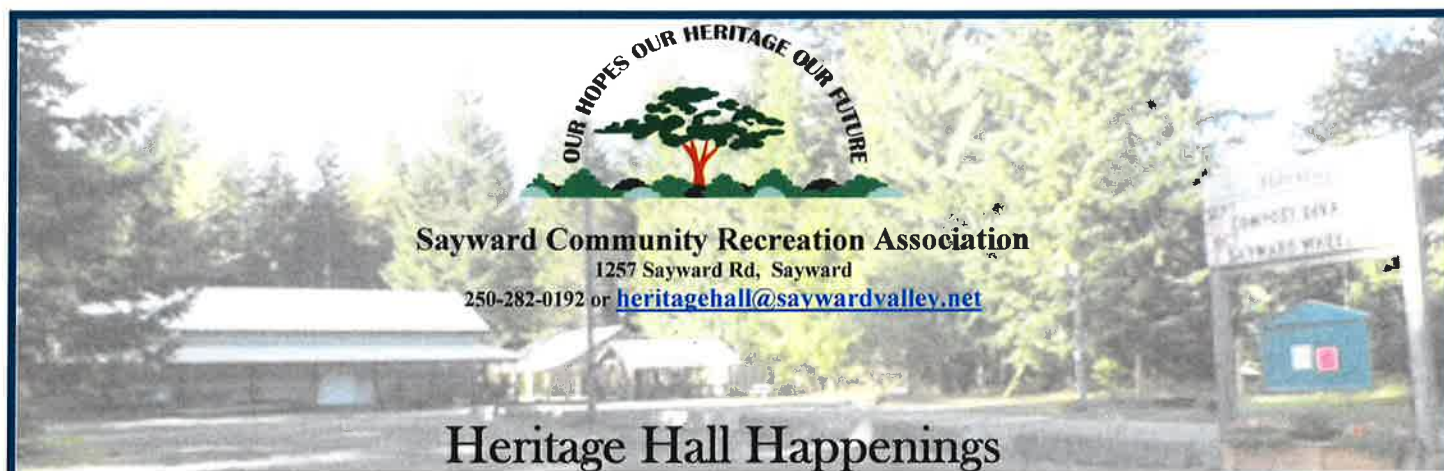

My name is Mike Marsh and I am running for the position of councillor in the Village of Sayward.

My primary objectives include:

- Fiscal stability
Minimize costs for essential services and allocation of appropriate reserve funds
- Infrastructure
Work to promote the development and maintenance of; roads, sewer/water, streets, recreational facilities, clinic, and administration facilities.
- Protection of the environment
Sayward is located in an idyllic environment with minimal pollution. I would like to keep it that way.
- Safe and peaceful area
Sayward is a low crime area with, for the most part, low noise pollution. I would like to keep it that way.

I will be meeting with a great many of you in the next 3 to 4 weeks to discuss your concerns and my ideas to resolve these concerns.

In the interim I may be contacted at (855) 729-9273 (toll free) or mikemarsh@saywardvalley.net.

Secret Santa

Every year Secret Santa, with the help of many in our community provides Christmas Hampers and gifts to families in the Village and Valley that could use a bit of help to make Christmas a joy filled holiday. Last year we were able to provide hampers and gifts to approximately 25 families and we expect the number to increase this year.

All donations of cash, toys or food would be greatly appreciated.

If you know members of our community that could use a bit of help this year, please forward a list of the **addresses, names** of the family members and **ages of the children** to:

Or if you are able to contribute to this worthy cause, please contact:

Sayward Valley Folk Music Society News

As we begin our second year at the Heritage Hall, the Sayward Valley Folk Music Society wishes to thank the community for its support. Reviewing the past year, we have featured quality entertainment - from Blues to Bluegrass, Celtic to Jazz, Latin to Traditional Folk. All our concerts continue to present live acoustic music, for the entire family, on the second Sunday of every month. With the generous help of volunteers, donations, membership and ticket sales, we are looking forward to our 2019 concert season. New acts have been booked for the year and we look forward to continued community support. Without it, we would not be able to bring concerts such as these to Sayward.

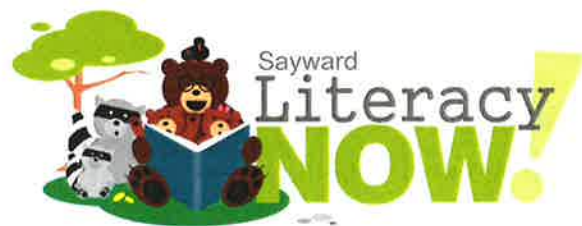

On **October 14** we are pleased to feature the **Springer Creek Band**. Sayward residents will recognize these local musicians and will want to come out to hear their versions of familiar Folk, Country and Gospel tunes. Featuring the vocals of Dan Johnson, the band includes Beth Johnson on keyboard and vocals; Frank Clark on guitar; Al Harris on Bass, and Bob Sampson on a variety of instruments and vocals. This is the first local group we have hosted on our stage and we encourage everyone to come and enjoy their music.

As with all of our concerts, there will be a refreshment table filled with dessert items and beverages (coffee, tea and juice)

Doors open at 5:30. An open mic begins at 6:00 The concert begins at 7:00. Admission is \$10 at the door. Children 12 and under are free.

Annual memberships offer discounted concert prices. They are now available at the door. \$85/person, \$130/family

For more information contact Bob or Karen Sampson 250 282-0134.

Clinic Corner News

Just a reminder that we have a foot care nurse who is willing to come to your home. Her name is Leah Iwamoto. Please find her contact information on the Clinic Schedule. We will lose this service to Sayward if we don't use it.

Also, flu and cold season has begun. Please be extra vigilant with hand washing and ensuring your children understand the importance as well. Please remember to stay home if you can when you are sick, to reduce the spread of infection.

Sayward Community Health Society

The Sayward Community Health Society, which is responsible for maintaining a viable Primary Healthcare Clinic in our community, would like your help serving on the Board of Directors. Positions open at our AGM later this fall are Executive Director, Secretary, and Director at Large. If you have two hours per month to spare, please consider joining our friendly group of dedicated volunteers. We meet at 6:30 p.m. on the second Tuesday of each month, at the Clinic. Our next meeting is October 9th and we would love to see you there!

For more information, please call Jeannie Martin (250) 282-3608.

ADVANCED CARE PLANNING

CAMPBELL RIVER
HOSPICE SOCIETY

Advanced care planning allows you to have a say in the health care you will receive if you are too sick to speak for yourself.

It's a way to reflect on your values, beliefs and wishes so that you can make your own health care decisions.

By discussing and documenting your wishes with your loved ones and health care providers, they will be able to act on your behalf when needed.

Advanced Care Planning promotes peace of mind.

Finger Dock Closure

Sayward Futures Society is obligated to have a wharf inspection every five years. The inspection was done over this Spring and we recently received the completed report, which determined that the lower finger dock and the breakwater pilings are in very poor condition and deemed a public safety hazard.

In consultation with the engineer Ralph Watts, from North Island Engineering, and Joe McAlister, from Tuff Marine Repairs,

THE FINGER DOCK IS TEMPORARILY CLOSED TO PEDESTRIAN TRAFFIC AND BOAT MOORAGE UNTIL FURTHER NOTICE.

SFS is awaiting cost estimates on three options:

1. Complete removal of the dock and breakwater;
2. Repair of the existing dock and breakwater; or
3. Replacing the dock and repairing the breakwater.

Once we receive the estimates, we will make a decision on proceeding.

In the meantime, in order to maintain public safety, we cannot provide moorage or pedestrian access to the finger dock. Moorage may be available at the nearby [Small Craft Harbour](#).

Thank you for understanding. If you need additional information, please contact [Sayward Futures Society](#).

Garden Club News

Fall Potluck Coming Up

Extreme weather events are hard on gardeners, first no rain and then nothing but. For those of us who grow pole beans for the beans inside, we are still hoping for some sunny weather before the frost comes. And finding the last of the hidden cucumbers and squashes is a happy surprise.

This is the time to plant fall cover crops like fall rye or other cover crop combinations that include peas. You need to plant deep using a rototiller or cover the planting with remay cloth to avoid losing your seed to those cheeky Stellar's Jays.

This is the time to plant bulbs including garlic. Great garlic is grown here using good compost and some bone meal, same for the flower bulbs.

The Garden Club sponsored a Fall Harvest Fair at the Heritage Hall on September 15. There were over a hundred entries in nineteen different categories of vegetables and flowers. It was great to see families with young kids coming to see what can be grown here. Should we continue this event next year?

The next meeting of the Garden Club will be our fall harvest potluck. Many of the dishes the members bring are made with our local vegetables, fish and game. The dinner begins at 5:30 on Thursday, October 11. Following the potluck we will have our usual question and answer session with special emphasis on the subject of tree fruit pruning. Please come and join us.

Thank you Linda and Mike Buttle of Cracroft Island,

for transporting Elk from Sayward to Jackson Bay with your vessel in a year or so back.

Thank you as well for donating and transporting the material for the new floats for boat launches at Kelsey Bay and Roberts Lake in 2017. They were completed and installed this year.

Your generosity is appreciated by the
Community and by the Sayward Fish and Game.

Sayward Children's Health Hub - Family Connections

Happy fall! I would like to introduce myself; I'm Ann Vansnick, the new Sayward Family Navigator. Some of you will know me from my position as the Literacy Outreach Coordinator for Sayward. I will be running both initiatives out of the classroom at the school.

Sayward Children's Health Hub is to connect families to services; to share relevant health information; and to deliver timely support locally. We can provide health resources, support groups, developmental screening for children under six, parenting, and more.

Sayward Children's Health Hub is an initiative spearheaded by the Sayward Early Years Table. We are funded by the Children's Health Foundation of Vancouver Island and School District 72.

Hours of Hub:

Sayward School, 690 Kelsey Way, Sayward

Monday to Thursday 10 am to 1 pm

Child Care

Alison Boucher –Campbell River Child Care Consultant will be at the Sayward Children's Health Hub at our ASQ screening day October 25th.

Alison can talk about child care needs such as finding quality child care, types of child care, and/or applying for the Affordable Child Care Benefit (ACCB). She can also answer any question about opening a child care centre in the home (either as an RLNR, or help with the process if you are wanting to become a licensed family child care centre), or if you are interested in pursuing a career in the child care field.

TRANSPORT TABLE

Wednesday, October 24th, 2018, 5.30pm-6.30pm, Heritage Hall

The Sayward Community Capacity Project and the Strathcona Community Health Network are collaborating to host a Transport Table in Sayward to discuss transport actions and opportunities at the local and regional level.

This will be an open and informal meeting to bring people together, talk about transport and find out who is interested in collaborating on transport projects. Transport Tables have recently been held in Gold River, Zeballos, & Cortes Island.

The **Sayward Community Capacity Project** is a short-term project that is bringing people together from throughout the greater Sayward area to improve health and well-being and foster community capacity.

The **Strathcona Community Health Network's** role is to improve the health and well-being of communities in the Strathcona region by focusing on things that keep people healthy like housing, transport, cultural safety, connectivity and food security.

For information contact:

Community Capacity Coordinator:

It is with great pleasure that we introduce Nuka de Jocas-McCrae to the new position of Sayward Community Capacity Coordinator. His role regards building community capacity to improve the social determinants of health within the geographic boundaries of School District 72. A steering committee, composed of members of the community, determine his priorities in regards to housing, food security, transportation, connectivity and community connectedness.

Upcoming Grant Application Workshop:

Mid-November (precise date and location pending)

Is your community or non-profit organization looking for funds to develop a project or program, or to sustain what you have already implemented? This two-day workshop will give you the basics and more for: locating government and foundation funding sources; articulating your idea into a fully developed proposal; networking with partners; developing a relationship with funding contacts; and, information on completing your proposal with the evaluative and reporting process. Participants are invited to bring current proposal projects to the second day of the workshop for group and individual assistance.

Day One

- Funder Guidelines and Criteria
- Proposal Components Step-by-Step
- Review of Logic Models, Performance Measurement and Evaluative Tools

Day Two

- Succinct Writing and Formatting
- Participant Grant Writing Practice and Development
- Locating Government and Foundation Funding Sources – with new online grant database information and demonstrations

For more information, contact **Nuka de Jocas** at saywardcommunitycapacity@gmail.com or call at 250-282-0001

Sayward nearly loses School Board Trustee Position

September 17, 2018, Sayward- Resident of Sayward, Gail Kirschner, has served as the Sayward Trustee on the Board of Education for School District 72 for the past 4 years but is not seeking re-election this year, and as of 24 hours before the nomination deadline, neither was anyone else. As with other small communities the number of people in Sayward available to hold these positions is limited. With nobody available to fill the position, parents and staff at the Sayward School were feeling nervous. “Parents had approached several people, but nobody was able to take it on this term and we were running out of options. We were scared that if the position wasn’t filled there was a possibility that not only would Sayward not have a voice for the four year term, but that the position may not be open for nomination again in the future, leaving us without someone to represent our area and our kids” said Melissa Coates, a Sayward parent.

A last-minute suggestion amongst the parents was a resident who had recently moved back to the community with her family, which included a soon-to-be school age daughter, and would be a good fit for the position, if she was willing to do it. “We approached her the day before the deadline and initially she wasn’t sure but after reading up on the duties and requirements and the importance of our community having a Trustee, she agreed to be nominated for the position” said Coates.

Shannon Briggs, 33, is now the single candidate running for the position in her area. “Some parents that I’ve known since I was a kid came flying out of the school when they realized I was at the playground with my daughter and they were so excited to ask me to run. Their excitement was contagious and after learning about the position I walked to the Village Office next door to pick up a nomination package and sent it in that night!” Briggs, who lived in Sayward until she was 18, completed her Social Work Degree at the University of Victoria and worked as a Diversity Projects Coordinator at the Immigrant Welcome Centre of North Vancouver Island for 6 years. “I love being back in my hometown and am honoured that they thought of me. I’m eager to learn the ins-and-outs from the long-term board members and to continue to foster my passion for education and diversity awareness while representing my community” said Briggs. Voting will take place on Saturday, October 20, 2018.

2018 Village Council Election Update

At the close of nominations John MacDonald was acclaimed as Mayor. There are 5 candidates for 4 positions on Council.

The 2018 Local Government Election will take place Saturday October 20, 2018 from 8:00 am to 8:00 pm. Advance Voting will be held Wednesday October 10th.

There are a few changes to the Voting locations due to the Library currently occupying the Council Chambers:

- **The Advance Vote on October 10th will be held in the Village office.**
- **Voting on October 20th will be in the Kelsey Centre. Those individuals unable to manage the stairs at the entry to Kelsey Centre are encouraged to vote either at the Advance Vote on October 10th or by the Vote by Mail process.**

Voting by Mail

The Voting by Mail option is available to any qualified voter who will be unable to attend the Advance Vote or the General Vote due to physical disability, illness, or absence from the Village.

Voters must provide registration information to confirm they are qualified to vote. Ballots will be in an envelope separate from the registration and will only be opened if the registration confirms the eligibility of the voter. The Voting by Mail package must be returned by the close of voting on October 20th. Voting by Mail packages will be available the first week October as soon as ballots are printed. If you expect to be using the Voting by Mail option, please contact the Village Office as soon as possible.

Registering to Vote

Voters will be required to produce identification to register to vote. Please refer to the full text of the Notice of Election for details. Please note that when producing identification that the combined Drivers License & Care Card are one piece of identification.

Sayward Futures Society Report:

Ocean View Gifts is closed for the season and will reopen in the spring of 2019. A huge thank-you goes out to the locals and tourists who supported the gift shop and spent time at the wharf fishing. The fish were elusive this year, despite the regular rumors of huge runs on their way. Warm, sunny weather, little wind, and smooth water drew everyone to the wharf to enjoy the peace, tranquility, and simply stunning views of Kelsey Bay. Sightings of orcas, humpbacks, and dolphins were regular occurrences, much to the delight of the visitors. The sea-lions spent a lot of time under the wharf, snapping fish off lines as they were reeled in by fishers lucky enough to get a bite!

The wharf is privately owned, operated, and maintained by Sayward Futures Society. Please take a minute to read the WHARF RULES posted there and do your best to follow them. Some visitors ignore the NO SMOKING signs and we are concerned about the possibility of the wharf being destroyed by fire from a careless smoker. Once the wharf is gone, it will be gone forever.

Sayward Futures Society members were actively involved with the Mayor's 1st Annual Chili Cook-Off in September to raise funds for the Tour de Rock 2018 ride. It was a hectic, fun time and we look forward to next years' event. Congratulations to the winners and grateful thanks to the huge crowd that supported the event and also made short work of cleaning up the gym at the end. What a wonderful expression of Community Spirit!

Thank you.

Mayors Update September 2018

Since my last update there has been a few things happening that will be of interest to the community. First, our CAO and I attended UBCM in Whistler, where we met with three Ministers and various ministerial staff. Before I expand on our Minister meetings, we had asked for a meeting with Premier Horgan, but were denied due to his schedule.

Minister of Transportation and Infrastructure (Trevena): Once again the Minister was questioned about the Menzies Mountain (Highway 19) passing lane that was promised for 2018. The Minister, who is also our MLA, assured us that the project will occur in 2019. The lack of cell coverage on Highway 19 was also discussed, along with the status of our Water Treatment Plant, Dam Decommissioning and Working Waterfront projects. The financial status of each project was also mentioned. Our relationship with local First Nations was discussed as well. While each meeting was to last only 15 minutes, we were able to meet with Minister Trevena for 25 minutes, which was very positive development.

Minister of Citizens Services (Sims): The main purpose of our meeting with Minister Sims was to discuss the importance of cell service on Highway 19. We expressed concerns that by not having cell coverage, public safety is being put at risk, not to mention the impact on tourism and economic development. The Minister was advised that we have written the CRTC and Telus on this matter, but the answers we received were certainly less than positive. We were advised to prepare a comprehensive business plan for the Ministry, and to include input from the communities of Gold River, Tahsis, Zeballos and Sayward. I will be bringing this forward to the Strathcona Regional District Municipal Services Committee following the upcoming elections. Minister Sims also mentioned that her staff would be available to assist as required.

Minister of Municipal Affairs and Housing (Robinson): Minister Robinson, who is the Minister responsible for municipalities, was also provided an update on our Water Treatment Plant, Dam Decommissioning and Working Waterfront projects. As with the previous meetings, this one was also positive. The Minister was advised that the Water Treatment Plant, which came in well over budget, has had a significant impact on our overall financial picture and put us in a difficult position where we will have to reconsider the timing of important future projects. The Minister and her team advised that two new grants were just announced that will benefit communities with populations under 5,000. Our CAO will be having a look at these grants to determine how our community can benefit from them.

On a positive note for UBCM, the procedure for handling resolutions was greatly improved. However, if I had to say anything negative about the UBCM Convention, they must find a way to hold the Minister meetings in the evening, or at other times that do not conflict with the resolution sessions.

The networking with other provincial and local government politicians and officials is still one of the most important parts of this convention. Equally important of course are the forums and hearing how others handle sometimes intolerable situations. One always learns from others positive and negative experiences.

Before I go on, I would like to impress on every citizen in the Village the importance of voting for your Council. We have five candidates this time vying for four spots on Council. Make your voice known with an informed decision and come out to the all candidates' session.

Village Projects:

Working Waterfront Trail – Some design and cost issues. Phase one trail completion fall of 2018.

Mall Store – No response from owner about the cancelation of their Tax Exemption Certificate.

Water Treatment Plant – Contract issued, work in progress. Completion spring of 2019.

Dam Decommissioning – Ongoing, expected completion fall of 2019.

Park Pond - Looking at other ways to control the algae. Applying for grant to have a consult done.

Roads, Grounds and Gardens – Ongoing, regular maintenance checks of all culverts, etc.

Recreation – Kelsey Centre open again with programs for everyone.

Finance – Managers to begin work on the 2019 Budget for presentation to Council later this fall.

Mayors Update September 2018 continued

I would like to take this opportunity to talk about the Chili Cook-Off event held recently for Cops for Cancer. The team of Andi, Jackie, Sue and Tim had very little time to prepare for this new event. However, with everyone's amazing efforts, including all of the volunteers, we were able to raise an incredible \$5,228.20, which will be included in their total on September 24th. Congratulations to the winners of the people's choice awards for the best chili. 1st Place Braeden & Jessica March, 2nd Place Sandy Ostertag and 3rd Place Dos Mancell. Hey folks, what happened, don't think I got a vote!

The community really came together for this event. In total there were 17 pots of chili and the owners from the three campsites, White River Court, Sayward Valley Resort and Oceanside Campsite all brought some of their campers to the event. What great community support!!! Whenever you have an event like this, it all depends on the generosity of businesses and individuals. I would ask all members of the community to **support these businesses**, whom have been kind enough to support us. The following is a list of all who donated:

A Cut Above	A&W	North Island Lube	Suzanne & Jennys
Bill Howich	The Brick	Boston Pizza	Campbell River Toyota
Campbell River Hyundai	Canadian Tire	Dairy Queen	Duncan Bay Gas & Go
Dicks Fish & Chips	E & B Helicopters	Flight Centre Courtenay	Fountain Tire
Sayward Valley Resort	Gord Knight Ventures	Great Canadian Oil Change	Great Clips
Hang's Nail Salon	Home Depot	Iris Optical	Ideal Tackle
Island Furniture	Jim's Clothes Closet	Just Wood Stoves	Jake's Beer & Wine
Lordco	Landmark Cinema	Loblaw Optical	London Drugs
Moxies	Mussels & More	Merit Home Furniture	MVP Pub & Restaurant
North Island Denture	Northern Reflections	OJ Realty	Painters Lodge
Preston Jewelry	Pacific Coastal Airline	Pizza by the Slice	Susan Mallinson
Raspberry Rascals	Sherwin Williams Paint	Sussex Ins – Walmart	Staples
Steiners Bakery	Steve Marshall Ford	Sealand Flight Training	Shoppers Drug Mart

Sayward Valley Farms	Thrifty Foods	Tyee Chev-Buick-GMC	True Blue Pet Supply
Toad in a Tree	Thong's Jewelry	Walcan Seafood	White Spot
TK's Local Meat Cave	Sayward Junction Co-op	Western Forest Products Mid Island Division	

The Chili Cook-Off will now be an annual event. So, if you have any ideas or critique of this year's event, both positive or negative, please let me know.

John MacDonald

Mayor
