

Business Scale-up and Productivity

Are you an innovative, globally-oriented business seeking to accelerate your growth? Then take a look at the [Business Scale-up and Productivity \(BSP\)](#) program. BSP can provide no-interest, repayable funding to high-growth firms to:

- scale up and expand;
- demonstrate and commercialize new technologies;
- improve productivity; and,
- enter or grow in international markets

Priority may given to projects seeking to diversify export markets and respond to supply chain challenges.

In British Columbia, BSP is delivered by Pacific Economic Development Canada (PacifiCan). In 2025, PacifiCan will be **accepting expressions of interest from incorporated companies with staffed operating facilities in BC, between March 4th and April 30, 2025.**

For more information about the program and how to apply, please visit PacifiCan's [BSP website](#) or [contact our offices](#).

A virtual information session will be held **March 19th from 10:00am to 11:00am.** [Click here](#) to learn more about the BSP virtual information session.
