To: Residents of MacMillan Drive, Sayward
From: Upland Contracting Management
Date: July 27, 2026
Subject: Water Shut Off Notice

Please be advised on July 30 the water service to residents on MacMillan Drive will be temporarily shut off to accommodate construction activities.

The water outage will begin at 8am and may last up to eight hours; however, crews will work to restore service as soon as possible.

Once water service has been restored, residents are asked to run their cold water tap for approximately 30 seconds before use. Temporary discolouration or air in the water lines may occur and should clear after flushing.

We apologize for the inconvenience and appreciate your patience and cooperation.

If you have any questions, please reach out to:

Anton Yacoboski
Site Superintendent
